

REDBAK® XTRA

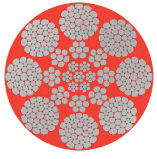

PROVEN PERFORMANCE

When our mining customers demanded improved shovel rope performance Bridon-Bekaert delivered.

RED

BAK[®]XTRA

8 STRAND ROPE

SHOVEL APPLICATIONS

EXTENDED SERVICE LIFE

IMPROVED LUBRICATION RETENTION

INTERNAL WEAR PROTECTION

the product.

Redbak[®]XTRA is a premium plastic-infused shovel rope which combines the quality of TUFF8 rope technology with specifically engineered polymers to create a well balanced plastic infused rope ensuring extended service life.

Plastic-infused wire ropes have been designed for extreme, heavy duty rope shovel applications.

benefits.

- ✓ Increased fatigue life over non-plastic-infused wire rope
- ✓ Extended sheave and drum life
- ✓ Increased protection to internal wear
- ✓ Reduced Vibration and noise in operation
- ✓ Clean handling, without the need for in service lubrication
- ✓ Improved lubrication protection
- ✓ Improved resistance to mechanical damage
- ✓ Extended overall rope life
